Vagueness in Law and Language: Some Philosophical Issues

The volume brings together leading scholars who are working on the topic of vagueness in philosophy and in law, collecting essays in the respective fields and fostering a dialogue between philosophers and legal scholars. It depicts how philosophers conceive vagueness in law from their theoretical perspective and how legal theorists make use of philosophical theories of vagueness.

Vagueness and Law: Philosophical and Legal Perspectives

The first part addresses the import of different theories of vagueness for the law, referring to a wide range of theories from supervenientist to contextualist and semantic realist accounts in order to address the question of whether the law can learn from engaging with philosophical discussions of vagueness. The second part of the book examines different vagueness phenomena. The ...

Vagueness In The Law: Philosophical And Legal Perspectives

In philosophy, vagueness refers to an important problem in semantics, metaphysics and philosophical logic. Definitions of this problem vary. A Definitions of this problem vary. A predicate is sometimes said to be vague if the bound of its extension is indeterminate, or appears to be so.

Vagueness And Law Philosophical And Legal Perspectives

According to this view, vagueness causes gaps in the law, and the role of legal interpretation in the case of vagueness is to fill such gaps. I argue that this view is mistaken and defend the thesis that vagueness in law calls only for an application of the law to the case at hand, leaving the meaning of the law intact.
